The \$200,000 Jeff Ruby Steaks (G3) will be run on Saturday at Turfway Park going 1 1/8 miles on the synthetic track. As part of the Road to the Kentucky Derby (G1), it rewards the winner with 20 points, the second-place finisher with 8 points, the third-place finisher with 4 points and the fourth-place finisher with 2 points. A field of 11 has been entered.

#1 DYNAMIC RACER broke his maiden second time out on turf then did nothing in two allowance races on the dirt. He made his Turfway Park debut a winning one when he pressed the pace every step and then came back with a good second in the John Battaglia Stakes. He shows another bullet workout over the surface and draws the rail.

#2 MOONSTER is a Calumet Farm runner and you have to be careful with some of them since they seem to enter every stakes race regardless of talent. This colt broke his maiden second time out and been beaten 69 lengths in his last five starts.

#3 FIVE STAR GENERAL added blinkers second time out and he broke his maiden by four lengths in an off-the-turf event then he came right back and won a stakes race at Aqueduct. He failed badly in the Sam F. Davis Stakes (G3) last out so instead of being in the Tampa Bay Derby (G2) today, he shows up here for Arnaud Delacour.

#4 DABO broke his maiden first time out by a neck on the synthetic at Arlington Park then did nothing on turf and dirt. He shipped here last out and rallied for third in the Battaglia Stakes. He will have to improve greatly to have a shot in here.

#5 BAYTOWN JIMBO has had three straight starts on synthetic tracks and none of them were inspiring enough to think he has a chance today.

#6 SKYWIRE rallied from off the pace to win going away at six furlongs on the Tapeta at Woodbine then he went to Gulfstream Park when his race was washed off the turf and he won by six lengths on a sloppy track after a very rough start.

#7 COUNTER OFFER broke his maiden on the turf in his fourth try then came back two starts later with a second on the dirt at Tampa Bay Downs. He tries synthetic for the first time but this is not a strength for trainer Ian Wilkes.

#8 TWELFTHOFNEVERLAND added blinkers three starts back and he beat maiden \$50,000 claimers then he won in the mud. Last out against decent allowance foes, he missed by a nose and now tries synthetic for the first time. With the blinkers, he merits a longshot chance.

#9 CURLIN GREY broke his maiden in his sixth career start then was third in an allowance event. Son of Curlin makes his synthetic track debut for Ken McPeck who wins 19% with this surface switch.

#10 SOMELIKEITHOTBROWN broke his maiden by eight easy lengths when making his turf debut at Saratoga where the starting gate was placed in the wrong position. He came back with two seconds against grade three stakes company before running a terrific third in the Breeders' Cup Juvenile Turf (G1) over a slippery turf course. The son of Big Brown made his synthetic debut here and romped in the John Battaglia Stakes at 11/10 and could be lower odds today.

#11 SPEED APP is a Calumet Farm runner and you have to be careful with some of them since they seem to enter every stakes race regardless of talent. He is still a maiden and from post 11, has no shot in here.
