5	Preferential	5/2	Five-year-old is first on BRIS Current and Average Class Last 3 and was last seen when winning the mile and a half Dowager Stakes at Keeneland in October. Daughter of Dansili posted a five furlong work in 59 4/5 here earlier this month for trainer Bill Mott who wins with 20% of his runners that have not raced for 90 days or more and who wins with 20% of his starters in graded stakes. Mare, who has won four of her fourteen lifetime starts on grass, appears to be improving and can be in good position from the start stalking the early leaders with Julien Leparoux in the saddle.
7	Anjaz	5/1	Mare has not been seen since earning top ranking on BRIS Speed Last Race and Early and Late Pace Last Race when second in the twelve furlong Waya Stakes at Saratoga last August and is also first on Back Speed. Daughter of Street Cry is trained by Tom Albertraini who wins with 8% of his runners that have not raced for 90 days or more and who has won with 13% of his starters since the beginning of last year. Bay can be near the front early under Jose Lezcano who won with two of his last four rides for the barn.
1	Aigue Marine	6/1	Daughter of Galileo has not been seen since finishing sixth as the favorite in the twelve furlong Long Island Handicap at Aqueduct in November when making her first start since March and won one of her two previous starts on the Gulfstream turf course. Five-year-old is first on BRIS Prime Power and is trained by Christophe Clement who wins with 205 of his runners that have not raced for 90 days or more and with 21% of his starters on grass. Mare can be running late with Joel Rosario in the

- saddle.
- 2 Left a Message 3/1 Gray won her one previous start on this turf course and comes off an unplaced effort in the Endeavour Stakes at Tampa after a rough trip from a wide post last month in her first start since November. Trainer Tom Proctor wins with 19% of his runners second time off a layoff and has won with 15% of his starters at this meet and mare can be a contender running from off the pace with Javier Castellano taking the mount.

| 1 | lotapa | 7/2 | Four-year-old daughter of Afleet Alex was a big second behind a sharp one in the Santa Monica (G2) off the seven month layoff last time and gets a fine post along the rail as a must use for John Sadler. Dark bay filly has been a model of consistency in her lifetime finishing in the top three in each lifetime race, and is due to break through at this level soon with four graded stakes placings in as many tries at the level. The filly was a positive second in her lone route try and could be the one with even slight improvement under Joe Talamo. |
| 3 | Ondine | 3/1 | Baffert trainee has been showing more speed in her last few races and might get the best trip in a field lacking pace. Steady filly by Medaglia d'Oro was a fine second in the La Canada S. (G2) in advance of this and has every right to improve on this occasion second time off the layoff, for a conditioner at 24% in that category. The dark bay is ultra consistent with nine top three finishes from nine career starts, and the move to Mike smith is always a good thing. |
| 2 | Fiftyshadesofhay | 5/2 | Prime Power leader owns the top Average speed in the field and will be making her third run since the fall, often a peak performance. Bay filly by Pulpit has been a very good one so far for conditioner Bob Baffert and ran pretty well last time when a closing fourth in a race where a few of these were in, making up for a very slow break. Four-year-old lass gets a nice post and has the pace to keep touch early, with money rider Martin Garcia signed on. Another must use. |
| 6 | Golden Production | 6/1 | Razor sharp daughter of Exchange Rate is a perfect 3-for-3 since being claimed by Peter miller, which includes a game tally in the Paseana S. last time on this oval. Five-year-old has never been anything close to this good in the past and also has a lot of early foot, which is key in a field lacking pace. Likely pacesetter will likely need another step forward to have a big say in the outcome late, but we still have to use her with the hot Desormeaux signed on. |

4	Tamarando	3/1	Is a Grade 1 winner who will be looking to rebound off of a disappointing effort last out while facing stakes competition on the dirt at Santa Anita in which he attempted to rally from eight lengths off the pace but lacked the needed kick late and crossed the wire in second, beaten by 5 1/2 lengths as the favorite. A return to his prior form will make him a major threat in this spot and trainer Jerry Hollendorfer wins with 30% of his runners next out after being beaten as the favorite. In addition, he wins 18% of the Graded stakes races he has a runner in. Russell Baze gets the call and he has combined with the conditioner for a 33% win rate over the last 60 days. Tamarando tops the field in BRIS Prime Power by over four points and also possesses the best BRIS Class rating.
5	Enterprising	5/2	Has been in good form as of late and will be looking to make amends for failing as the favorite here last out while facing stakes competition in which he rallied from three lengths off the pace but lacked the needed kick late and crossed the wire in third, beaten by only a half length. Trainer Thomas Proctor wins with 27% of his runners next out after being beaten as the favorite and 19% of the Graded stakes races. Gary Stevens gets the call and he has combined with the conditioner for a 27% win rate over the last 60 days. He wins 19% of the route races he has a mount in.
8	Dance With Fate	7/2	Is a multiple Grade 1 stakes placed runner who will be making his second start off of the layoff after putting in a solid effort last out while facing allowance/optional claiming competition on the main track at Santa Anita in which he rallied from six lengths off the pace and finished well late to claim the victory by 1 3/4 lengths. The dark bay's best effort came on the synthetic and he may appreciate a return to that surface today. Trainer Peter Eurton wins with 17% of his runners shipping to another circuit and with 19% of his runners making their second start off the layoff.
1	Craftsman	8/1	Makes the turf to synthetic move in his first start back from the layoff and second since coming across the pond from Ireland after having not started since the end of December when he failed as the favorite while facing stakes competition on the grass at Santa Anita. The Group 3 winner is capable of better if he handles the synthetic and trainer Simon Callaghan wins with 15% of his runners shipping to another circuit. The colt adds the blinkers today and that is a move the conditioner wins with 13% of the time. Dennis Carr gets the call and he wins 15% of the route races he has a mount in.
